## **VII. Important Additional Information**

The scholarship applications are received by MSCI National in Chicago, Illinois and are de-identified so that the Committee members reviewing the applications are not aware of the identity of the student/parent nor the MSCI member company employers. This assures that the selection is unbiased and is a result of the information provided by the student in the essay and supporting documents.

This scholarship is made possible by those MSCI New England Chapter member companies' participation at chapter events and annual golf outing.
