October 22 & 23, 2008

Nucor

Nucor is North America's largest steel producer with 25M tons of capacity in plate, sheet, beam, and bar production located in Canada and the United States. Nucor's goal is to "Take Care of our Customers" while being the safest and most profitable steel producer. Nucor prides themselves in being the world's largest recycler with keen attention to the environment. They constantly challenge themselves to improve and grow their business through acquisition, joint ventures and investment into green-field and brown-field sites. All of their success, however, could not be attained without the hard work of their valuable teammates, who look to challenge themselves and each other in continued improvement.

Please join MSCI and Nucor for a seminar on flat-rolled steel production on October 22nd and 23rd at Nucor's Crawfordsville, Indiana Sheet Mill (the oldest mini-mill in the world at 20 years old). You'll gain an understanding of basic metallurgy and steel production from Nucor's unique perspective. October 22nd will include lunch with an afternoon seminar on sheet production and the story of Nucor. Join us the morning of October 23rd for a tour of Nucor's compact strip production (CSP) facility and the twin-drum caster Castrip steel production facility. We look forward to meeting you.

Attire

To participate in the mill tour will visitors must wear long cotton pants and closed-toe shoes. Nucor will provide PPE and visitors must wear ear plugs, hard hat, protective eyeglasses, and a long sleeve overcoat. Visitors wishing to get a tour of Castrip must sign the Intellectual Property paperwork which will be made available prior to the tour.

Hotel and Transportation Information

Holiday Inn - Crawfordsville

2500 North Lafayette Rd.
Crawfordsville, IN 47933
(765) 362-8700

There is a limited number of rooms available at a rate of \$69.95 + tax. Please mention MSCI / Nucor when booking your room.

The Indianapolis International Airport (IND) is located approximately 39 miles East and 45 minutes from the hotel.

Who Should Attend

This seminar is relevant to all service center personnel, including inside and outside sales, marketing, purchasing, and operations. It is especially beneficial for those with 1-5 years' industry experience or those new to the flat rolled market.

Cancellation Policy

A full refund will be issued for cancellations received in writing by 5:00 p.m. CDT, Thursday, September 18, 2008. Written cancellations received by 5:00 p.m. CDT, Thursday, September 25, 2008 will receive a refund of 50% of all fees paid. No shows and cancellations received after 5:00 p.m. September 25, 2008 will not be eligible for refunds. Substitutions can be made at any time prior to the event.

Nucor Flat Rolled Product Seminar
