Present the 2010
Carbon Flat Roll Product Training
and
AK Steel Mill Tour

October 13-14, 2010

AK Steel Headquarters
9227 Centre Pointe Drive • West Chester, OH 45069
Telephone: (513) 425-5884

On June 22, 2010, AK Steel Corporation was named "Steel Producer of the Year" and presented the award for "Best Turnaround of the Decade" by a leading metal industry publication. AK Steel produces flat-rolled carbon, stainless and electrical steels, primarily for automotive, appliance, construction and electrical power generation and distribution markets. The company employs about 6,200 men and women in Middletown, Mansfield, Coshocton and Zanesville, Ohio; Butler, Pennsylvania; Ashland, Kentucky; Rockport, Indiana; and its corporate headquarters in West Chester, Ohio. All of the company's steel plants are ISO/TS 16949 and ISO 9001 certified for their quality management systems, as well as ISO 14001 certified for their environmental management systems.

AK Steel's Middletown Works is an integrated steelmaking facility, and the plant's blast furnace is among the most productive in the world in terms of working volume. The hot strip mill at Middletown Works rolls both carbon and stainless steel slabs and is the only domestic hot mill equipped with pair-cross rolling technology for improved shape and crown control. The company also operates a cold strip mill at the plant to help meet a wide range of customer requirements. Middletown Works is also unique in that it manufactures several types of coated steel products on-site, including hot dip galvanized, electrogalvanized and hot dip aluminized steels. The hot dip aluminizing line at Middletown Works stands out in the industry because it is used to coat both carbon and stainless steel products.

Courtyard by Marriott Cincinnati North at Union Centre

6255 Muhlhauser Road • West Chester, Ohio 45069 • Phone: 513-341-4140

There are a limited number of rooms for October 12 and 13. Rate is \$129/night single occupancy + taxes and fees which includes a breakfast buffet at the Courtyard Cafe. The block of rooms is listed as "AK Steel/MSCI" if calling the hotel directly to make reservations. Make your reservations directly in the room block found at the link:

[Courtyard Cincinnati North at Union Centre](#)

From Cincinnati - Northern Kentucky International Airport the hotel is approximately a 50 minute drive and from Dayton International Airport a 60 minute drive.

Course Material

All attendees will receive a binder copy of course materials.

Who Should Attend

This seminar is relevant to all service center personnel, including inside and outside sales, marketing, purchasing, and operations. It is especially beneficial for those with 1-5 years' industry experience or those wishing to gain general knowledge about carbon steelmaking processes.

Cancellation Policy

A full refund will be issued for cancellations received in writing by 5:00 p.m. CDT, Monday, September 13, 2010. Written cancellations received by 5:00 p.m. CDT, Monday, September 27, 2010 will receive a refund of 50% of all fees paid. No shows and cancellations received after 5:00 p.m. CDT, September 27, 2010 will not be eligible for refunds. Substitutions can be made at any time prior to the event.

MILL TOUR

Dress is business casual. Long pants must be worn for the mill tour. Jeans are acceptable for Day 2.

As part of our safety program, you are also required to wear the appropriate safety gear. We will provide safety glasses, hard hats, mill jackets, and metatarsal safety shoes. (Please specify your shoe size and safety jacket size on the registration form, and make sure you bring thick socks to wear on the tour.)

No jewelry (including rings) may be worn during the mill tour. Hair longer than shoulder length will be required to be pulled up.
