

MSCI Metals Activity Report

Data Publication Rules

Republication of the Metals Activity Report data (Confidential Information) is not permitted by the Metals Service Center Institute with the purchase of a \$1,000 annual subscription agreement.

Confidential Information is defined as follows:

Primary data, expressed in tons for any given month or series of months:

- actual or seasonally adjusted shipments
- actual or seasonally adjusted tons per day
- inventories
- months of inventory on hand, actual or seasonally adjusted

Primary data (listed above) in any graphical format that displays any single month or multiple months of information in trend format

1. You **may not** print, copy, reproduce, distribute, transmit, upload, display in public, alter or modify the Confidential Information in any way for any external purpose without the mutual execution of a republication license accompanied by the payment of a \$10,000 annual fee (this fee may be pro-rated to coincide with your membership dues payment on a calendar year basis.)
2. You **may** publish for external purposes percentage change information as presented on the Metals Activity Reports for any given single month.
3. You **may** publish your own commentary on the service center market based on the information provided on the MAR reports but without publishing the Confidential Information.
4. A republication license is available from the Metals Service Center Institute allowing you to publish the Confidential Information. If your company wishes to purchase the Confidential Information under a republication license please contact the Metals Service Center Institute at 847-485-3000.
