to Leslie Koontz

Have you wondered where the next generation of machinists and advanced manufacturing techniques are being developed? The Oregon Manufacturing and Innovation Center (OMIC) in Scappoose, Oregon! OMIC is a collaboration between Oregon's public universities and manufacturing industry partners.

The Oregon Chapter of the MSCI will have a tour and dinner at OMIC on Wednesday, June 19th from 3 pm to 6 pm. An incredible opportunity to discover the future of manufacturing in the Pacific Northwest, below is a link to the OMIC website.

<https://www.omic.us>
