**ACTIVE MEMBERSHIP AS DEFINED IN MSCI'S BY-LAWS**

ARTICLE I Section 1.2. Qualifications for Membership.

(a) Active Members. All persons who signed the certificate of incorporation of the Institute shall be Active Members, and any corporation, partnership or sole proprietorship in the United States, Canada or Mexico engaged in the metals service center industry and who possess the proper qualifications as adopted by the Board of Directors from time to time shall be eligible for Active Membership.

Each Active Member shall appoint one of its officers, directors, partners or employees as the Key Contact representative of such member and such representative shall vote and act for such member in all the affairs of the Institute. Any such representative may be changed at any time by a written notice delivered to the Secretary of the Institute.

**HOW ACTIVE MEMBERSHIP DUES ARE ESTABLISHED**

Article VIII, Section 8.1, of the Institute's By-Laws provides:

*"Each Active Member shall pay annual dues based upon the gross sales of such member and any controlled subsidiary from service center stocks of those carbon, alloy, aluminum, stainless steel or other metals which are, from time to time, designated by resolution passed by a majority of all of the Directors, excluding, however, sales of fabricated reinforcing bars, and manufactured wire products. "Gross sales" for purposes of this Section 8.1 shall be deemed to include processing charges on customer-owned material, as well as the value of work-order shipments and sales of extrusions, expanded, perforated, patterned, and embossed products and grating and formed products. The annual dues shall be based upon such gross sales during the most recently complete four quarters preceding the date on which such dues shall become due and payable. Dues shall be billed at rates established by the Directors at the Fall meeting in November of each year. Members shall report each year on the gross sales of their metals products subject to dues. A letter from the member's auditor may be substituted for a letter from the member."*

## MSCI MEMBERSHIP GUIDELINES

As an ongoing and annual condition of membership in MSCI, all members (irrespective of their category) are expected to fulfill and comply with all policy statements and guidelines (“Guidelines”). While the entirety of those Guidelines can be found and reviewed on the MSCI website ([www.msci.org](http://www.msci.org)), examples of those Guidelines include, but are not limited to:

- If a member receives or subscribes to certain MSCI data reports whose access is restricted within their member companies (and may not be distributed or disseminated to third parties), then the member may forfeit the right to continue to receive said reports (or membership may be revoked) if such improper disclosures are made;
- MSCI has a strong commitment to antitrust compliance (an example of one of the Institute’s policy statements is attached hereto) and all members are expected to comply with said anti-trust policies at MSCI sponsored events and conferences. Failure to do so may result in revocation of membership in the Institute;
- All members in leadership positions within the Institute (e.g., the Board of Directors, Chapter Officers & Directors, Council members, etc.) are expected to comply with a Code of Conduct in connection with their duties. If representatives of members or their guests do not comply with that Code of Conduct with respect to their interactions with other members or MSCI staff, then MSCI reserves the right upon proper notification to suspend membership privileges upon violations of this Code of Conduct;
- All members are expected to insure that representatives of their companies adhere to MSCI policies on the proper use of MSCI intellectual property, including MSCI trademarks and logos;
- Conference registrations include certain requirements (e.g., no recording or videotaping; proper display of registration badges at all times for members and guests) for both member representatives and their guests (e.g., spouses). In addition, many of our hotel conference host properties and hotels post their own set of guidelines. Refusal to abide by these regulations may result in suspension of conference or membership privileges.
- All benefits of MSCI membership cease upon resignation and/or non-payment of dues.

Prior to submitting your annual dues for membership, MSCI encourages members and prospective members to review these various policies, some of which are outlined above. If a member or potential member applicant company has any questions about these policies or Guidelines, some of which are outlined above, please feel free to contact an MSCI staff member.

Thank you for your continued interest and participation in the Metals Service Center Institute, the premier metals trade association in North America. With your continued involvement and support, MSCI can continue to expand its prominence in the coming year.

## 2022 DUES SCHEDULE

### Active Members

#### Active Members

Up to \$50 Million in net sales	\$5,000
\$50 to \$100 Million	\$10,000
\$100M - \$200M	\$20,000
\$200M - \$500M	\$30,000
\$500M to \$1B	\$60,000
\$1 Billion to \$5B	\$100,000
over \$5B	\$250,000

**Guidelines for Active Membership.** A potential applicant for membership must have a minimum of \$2,000,000 in annual sales, or a minimum inventory of \$500,000 in industrial metal products, and must have been in business for at least two (2) years. This guideline does not apply to service center operations that have been in the metals service center business for over two years, where there has been no interruption in the operations even though there may be new ownership. The company's inventory must be stocked for resale and the value declared must exclude consigned material. It is not required that the applicant own the physical facility or property on which the service center is located. In addition, a potential applicant for membership must use a wholly owned or leased physical service center facility for the storage of owned metal products pending distribution, with access to the necessary facilities for handling and processing or fabrication.

**Dues Schedule.** Schedules for Active, Associate, Affiliate and International members are reviewed annually by the Finance Committee prior to recommendation to the Board of Directors during their November meeting.
